

Thank you for your interest in Home on the Range Cow Share Program.

Presently, Home on the Range share owners have  
19 Jersey Cows:

Maple, Amber, Marlene, Fresca, Holly, Fawn,  
Emerald, Marcie, Sadie, LvToo, Rosie, Helen,  
Allysa, Jill, Pearl, Mia, Honey, Cocoa and Tess as  
well as 1 Guernsey, Caramel, and crosses Omelia  
and October.

We, the agisters, care for the cows at a farm a few  
miles from our home.

All Home on the Range cows are grass fed as much as possible, and supplemented with some organic grain while milking, as well as high quality, non certified organic hay, that has been grown with only manure as a fertilizer, and no chemicals added. They have access to pasture year round.

We prefer not to administer antibiotics to the cows, and will not, unless there are NO other options. Should this ever become necessary, the cow's milk will be withdrawn from the share program accordingly. All cows have been tested, and are TB, Brucellosis, and Q-Fever free. We have also tested somatic cell counts, and have removed cows with higher levels. We use small portable milking machines, and the milk, once filtered, is placed in ½ gallon sterilized glass jars, cooled and stored. We are currently establishing new depot locations for pickup.

## Share Options

### FULL SHARE:

\$125 refundable at termination  
\$17.50 maintenance and boarding fee/week  
1 Gallon/milk each week

### ½ SHARE

\$75 refundable at termination  
\$9.50 maintenance and boarding fee/week  
1/2 Gallon/milk each week

¼ share also available: \$50 Share fee and \$5.00 weekly maintenance—1 Quart Milk

Please Note: Because you are paying for a service, not a product, GST is included in the weekly maintenance

When purchasing a share, you are committing to the care of your portion of the herd. You will pay maintenance fees monthly, and additional services/items will be added on your following month's invoice. If you are away, you can have your milk made into other items, or pick it up on your return. A substitution list is available on our website.

Home On The Range also provides your choice of Organic Farm Fresh Free Range Grass fed eggs for \$6.50/dozen large or Farm Fresh Free Range Grass Fed Eggs, for \$5.00/dozen Large.. Colostrum, yogurt, cream cheese, butter and butter oil are also available.

**If you have any unanswered questions, please do not hesitate to ask.**
